PROFESSIONAL SUMMARY

B.Tech Data Science & Artificial Intelligence student and software developer focused on AI-enabled web and mobile products. Built projects using Python, JavaScript, React, Flutter, Supabase, Firebase, Playwright, REST APIs, and LLM integrations.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, Dart, SQL

Web & Mobile: React, Flutter, HTML, CSS, REST APIs

AI & Automation: AI / LLM Integration, Playwright

Backend & Cloud: Firebase, Supabase

Tools: Git, GitHub

PROJECTS

GymFlow — Gym Management SaaS

Flutter, Dart, Riverpod, GoRouter, Supabase, PostgreSQL

- Built a multi-tenant gym management system with authentication, dashboard, members, membership plans, attendance, and payments.
- Implemented gym_id-based tenant isolation with PostgreSQL Row Level Security and Supabase Edge Functions.

AutoQA — LLM-Driven Exploratory Web Tester

Python, Playwright, LLM integration, Flask

- Built a prototype that uses an LLM to explore web pages, inspect interactive elements, and select browser actions.
- Added browser failure signals, screenshots, console/HTTP error capture, recorded steps, and replay-oriented testing.

EvolveFit — AI-Powered Fitness Platform

HTML, CSS, JavaScript, Firebase, Razorpay, AI integration

- Developed a responsive fitness platform for personalized calorie, BMI, macro, workout, and diet guidance.
- Implemented Firebase Authentication, Firestore data flows, and a Razorpay premium-payment flow.

Sakhi — Tamil Voice-First Eligibility Prototype

React, Vite, Tailwind CSS, Web Speech API, Groq API

- Built a Tamil voice-first prototype for conversational eligibility guidance for PMMVY.
- Connected browser speech input/output with an LLM proxy and structured scheme data during HackArena.

EDUCATION

B.Tech in Data Science and Artificial Intelligence — Dr. M.G.R. Educational and Research Institute, Chennai

Expected graduation: 2027 | CGPA: 7.0/10

Relevant coursework: Data Analytics, Python for Data Science, Artificial Intelligence, Machine Learning Fundamentals, Web Technologies

TRAINING

Data Analytics • Python for Data Science • Artificial Intelligence • Machine Learning Fundamentals • Web Technologies — Dr. M.G.R. Educational and Research Institute
